

The experimental subatomic physics group at Chalmers University of Technology in Gothenburg, Sweden has an opening for **one** postdoctoral researcher and **two** PhD student positions to work on fission studies with the ISOLDE Solenoid Spectrometer at CERN, motivated by the influence of fission on the r-process.

Details about the postdoctoral researcher position and the application procedure are given here:

**Position reference number: 20200536**

**Postdoc in Experimental Subatomic Physics**

<https://www.chalmers.se/en/about-chalmers/Working-at-Chalmers/Vacancies/Pages/default.aspx?rmpage=job&rmjob=9016>

**Application deadline: 15<sup>th</sup> January 2021**

Details about the two PhD student positions and the application procedure are given here:

**Position reference number: 20200557**

**Two PhD student positions in Experimental Subatomic Physics**

<https://www.chalmers.se/en/about-chalmers/Working-at-Chalmers/Vacancies/Pages/default.aspx?rmpage=job&rmjob=9069>

**Application deadline: 10<sup>th</sup> January 2021.**

Please inform any interested candidates you know about these opportunities.

With best regards,

Andreas Heinz

Dr. Andreas Heinz
